

# Fidelity's Unique online Dashboard System allows Agents and Lenders to identify the status of their transaction 24 hours a day.

Each party is assigned login access to the system that allows them access to transaction related items such as:

## Documents

Time and Date Stamped and stored for 7 days and 1 year on the system

## Contact Information

Don't spend hours tracking down parties of the transaction, have it all at your fingertips

## Status Reports

The site will automatically email status updates and notify you when there has been a change in the document or new items have been uploaded!

## Customized Reports

Send customized reports branded to you from Dashboard as if they are being sent from you.

## Automatic Emails

An Email automatically is sent every Sunday acknowledging transaction status.

## Online Docs

No More Printing and Mailing of Title Commitments, Fidelity loads all docs online for ease of usage.

Access to information, continuous updates and the ability to keep your clients informed via a customized email that makes your job easier in this sometimes difficult market.

## Saves You Time and Money!
