"During a time of many foreclosures and short sales, I have truly come to appreciate the professionalism of Fidelity National Title. Many title companies that cater to foreclosures lack horribly in service and timeliness. This has never been the case with Fidelity. It has been my pleasure to work with Fidelity for the past 2 years. In addition, I have worked with Bernadette Espinosa, Sales & Marketing Representative, for over 6 years. My title/escrow needs and most importantly, the needs of my clients have always been met and exceeded. There have been times when I had an urgent need over the weekend. Although most title companies are strictly Monday through Friday, I have been able to reach the escrow officer to solve an urgent problem. It is incredibly reassuring to know that if there is a need, I can reach someone anytime. I am honored to have Fidelity National Title as a member of my team. Thank you Fidelity!!!"

"Fidelity National Title provides the Title Insurance, but when it comes to assurance that my transaction will be handled professionally, Cathy Weir, North Scottsdale Branch Manager, is the only one to trust. She provides exceptional customer care, experience from nearly 30 years in the industry, and a "customer first" work ethic. Like the adage goes... hire the best and forget the rest."

"The level of attention, service and response from our title company makes all the difference in the world when it comes to our ability to close loans on time. My "go-to" team at Fidelity: Jennifer Kotfila, Escrow Officer and Bernadette Espinosa, Sales &

Marketing do whatever they can to help us grow our business. Their willingness to stay late or help us on the weekend is sometimes the difference between keeping a deal and losing it. Fidelity is a genuine business partner, not just a title company.”

--Ari Schiff, Primetime Lending

---

“I’ve known Bernie Espinosa, Sales & Marketing, Fidelity Title, for about 6 years and she’s always been on her game when it comes to business and marketing knowledge. When Bernie started at Fidelity, I was leery at first thinking her attention and ability to service our company would diminish. However, quite the opposite! In my 20 years in the business, I’ve never worked with a title company that provides the resources and opportunities that Fidelity has provided us. From the marketing resources to direct access to upper and executive management to networking, Fidelity gets it. If my business grows, so does theirs and with that, Fidelity takes a vested interest in seeing their partners succeed.”

--Kelly Mueller, Alliance Financial Resources

"Fidelity Title and in particular Bernie Espinosa has been a great asset and support system to our agents, and our entire organization. The marketing tools and options our agents can choose from are endless. The tools and services they offer directly impact our agents' day-to-day operations, making them more productive. The Preferred Text Network is a big hit with our office - just one example of Fidelity's great marketing tools"
