Dear Christina,

I wanted to convey my appreciation of our ongoing affiliation with Fidelity National Title. As a licensed Realtor and Mortgage Professional for over six years, I have had the opportunity to work with many clients and of course many different title companies. Like most organizations and industries, people and consistency in providing high levels of service are critical to success.

My personal experiences have been exceptional with Fidelity Title! Even when difficult circumstances have presented themselves, I have found your organization willing to step up, even to the degree of participating financially when it means doing the right thing to solve an awkward situation that would otherwise be perceived negatively. My clients have also been very complimentary in their experiences working with your company. Additionally, your continued efforts to support Agents with their personal marketing plans including training or simply responding timely and professionally, make a clear difference in a very competitive industry.

I'm hopeful we have turned the corner in our Real Estate and Mortgage markets and that greater prosperity will be shared by all those willing to work hard. Again, thank you for your continued partnership and wish you continued success into the future.

Sincerely,

Robert Matasic, President
